

GIFTS IN WILLS

Create a Living Legacy for Earth

After caring for the people you love, a gift in your Will can help Terra Nova reconnect people with Earth, and turn that connection into practical change for generations to come.

A GIFT FOR THE FUTURE

Let What Matters to You Live On

Looking after family and friends comes first. Once you have provided for those closest to you, you may choose to reflect your love for Earth and the future in your Will.

For many people, a gift follows a lifetime of caring about the environment or expresses the values they want to carry forward. You do not need to be wealthy. A gift of even a small percentage of what remains in your estate can make a meaningful difference.

Your gift can help
rebuild connection
between people and the
living world.

Planting Possibility for Generations to Come

A gift in a Will is one way to carry a deep connection with Earth forward, creating possibility for people and places we may never know ourselves.

“Like planting a tree whose shade you may never sit beneath, a gift in your Will can help create lasting positive change for generations to come.”

GIFT OPTIONS

Choose a Gift That Suits Your Wishes

There are several ways to include a charitable gift in a Will. The right option depends on your wishes, your estate and the people you want to provide for.

A percentage of your residuary estate

You can leave all or a percentage of what remains after debts, expenses and gifts to loved ones have been provided for. It can adjust as the value of your estate changes.

A fixed amount

You can leave a nominated sum of money. It is worth reviewing the amount over time so it continues to reflect your wishes and the changing value of money.

A specific asset

You may be able to leave an asset such as shares or property. Specific gifts can be more complex, so please seek legal advice and speak with Terra Nova first.

MAKING OR UPDATING YOUR WILL

Choose the Approach That Gives You Confidence

Making or updating a Will is an important personal decision. It helps protect the people you care about and ensures your wishes are understood.

Some people prefer to work with a solicitor, particularly where family arrangements, trusts, businesses, overseas assets or other circumstances are complex. Others may prefer an online Will-writing platform for a straightforward Will. Both approaches can be valid.

WORK WITH A SOLICITOR

Advice tailored to your circumstances

A solicitor can explain the effect of different gift types and ensure your Will works with the rest of your estate planning. The best option is the one that reflects your circumstances and gives you confidence that your wishes are clear.

Independent advice

Terra Nova Foundation does not provide legal advice. We encourage you to seek independent advice and review your Will whenever your life, family or financial circumstances change.

There is no obligation to include a gift to Terra Nova when using the service.

Wording to Discuss With Your Solicitor

We recommend discussing your wishes with your solicitor. Suggested wording may include:

“I give to Terra Nova Foundation (CC59192) for its general purposes, free of all duties, the sum of \$_____ / _____% of my estate / the residue of my estate.”

If you are creating your Will using our free online Will service, guidance is also available throughout the process.

SHARING YOUR INTENTIONS

You are welcome to tell us, but you do not have to

Your Will is personal, and there is no obligation to tell Terra Nova if you have included or are considering a gift. Letting us know does not create a binding commitment, and you can change your mind at any time.

If you choose to share your intentions, we would value the opportunity to thank you, understand what matters to you and provide updates that reflect your interests. You decide how much you wish to share.
